I currently work part-time at Lee Wrangler in Tanger Outlets. I'm looking for a morning job, or either a full-time job with benefits/insurance. I'm a hard worker and need to get out of my comfort zone, therefore, I am willing to learn new things. I've been in retail for many years. I've also served at weddings in the past and helped clean up. I've had a few experiences cleaning condos with family. I'm normally always on time, or even a few minutes early and if not I'll call ahead. I'm ready to try anything differently if needed. I'm willing to work long hours, holidays, and take any hours given.

Additional Information

I like to work as many hours as I can, so I can support myself. I hardly call out unless I am truly sick, I almost always come in for people who call out. I have never worked in the food industry or call center, but I wouldn't mind trying something new!
